PROFESSIONAL SUMMARY

Computer Science Engineering student with working knowledge of Java, C, Python, SQL, and AI fundamentals. Built and deployed web projects using HTML, CSS, JavaScript, API integration, AI-assisted development, and GitHub version control. Seeking an entry-level or internship role in software development, Java development, or backend systems to apply problem-solving skills.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering
St. Peter's Engineering College | 2025 – 2028 | CGPA: 7.38 (Current)

Diploma in Electronics and Communication Engineering
Central Institute of Tool Design | 2022 – 2025 | Percentage: 69%

TECHNICAL SKILLS

- **Programming Languages:** Java, C, Python, SQL, JavaScript
- **Web Development:** HTML, CSS, JavaScript, API Integration
- **Data Visualization:** Power BI (Interactive Dashboards)
- **Artificial Intelligence:** AI Fundamentals, AI-Assisted Application Development (Antigravity)
- **Tools:** GitHub (version control)
- **Areas of Interest:** Software Development, Backend Development, Java Development

PROJECTS

IASO-MED – AI-Assisted Healthcare Web Application
GitHub: github.com/SeeramGiridhar/IASO-MED

- Built a web application that organizes and displays patients' previous health data in one place.
- Implemented a doctor appointment booking workflow so patients can schedule consultations.
- Used Antigravity for AI-assisted development and managed the codebase on GitHub.
- Deployed the application online with approximately 70% of planned functionality completed.

College Event Management System (CEM)
GitHub: github.com/SeeramGiridhar/CEM

- Developed a web-based system for publishing and managing student events.
- Implemented an admin workflow to create and publish events.
- Enabled students to view available events and register or book tickets through the platform.
- Technologies: JavaScript, GitHub (version control).

CERTIFICATIONS

- **Lab: Troubleshoot Your Code Using IBM Bob** – IBM SkillsBuild | July 2026
- **Amazon Q Introduction** – AWS Training & Certification | December 2025
- **Power BI Workshop** – OfficeMaster | February 2025
